

# PROLOGIS FOKKER LOGISTICS PARK

the largest airport-linked,  
privately owned logistics  
business park in Europe.

Schiphol Airport

# PROLOGIS FOKKER LOGISTICS PARK

Prologis Fokker Logistics Park offers maximum flexibility in terms of space and layout. The park was built to meet the highest design and security standards as well as sustainability criteria. It benefits from an unrivalled position, with excellent access by air, road and public transport. Prologis Fokker Logistics Park is the largest airport-linked, privately owned logistics business park in Europe. As Prologis is responsible for leasing and park management, customers benefit from having a single point of contact.

Prologis Fokker Logistics Park is set to expand with the addition of four new buildings, two onsite and two on the nearby Fokkerweg road. These will include two build to suit of 30,000 and 35,000 square metres divided into units that will offer tailor made distribution space to respond to client needs and two new 10,000 and 11,000 square metre units.

## History

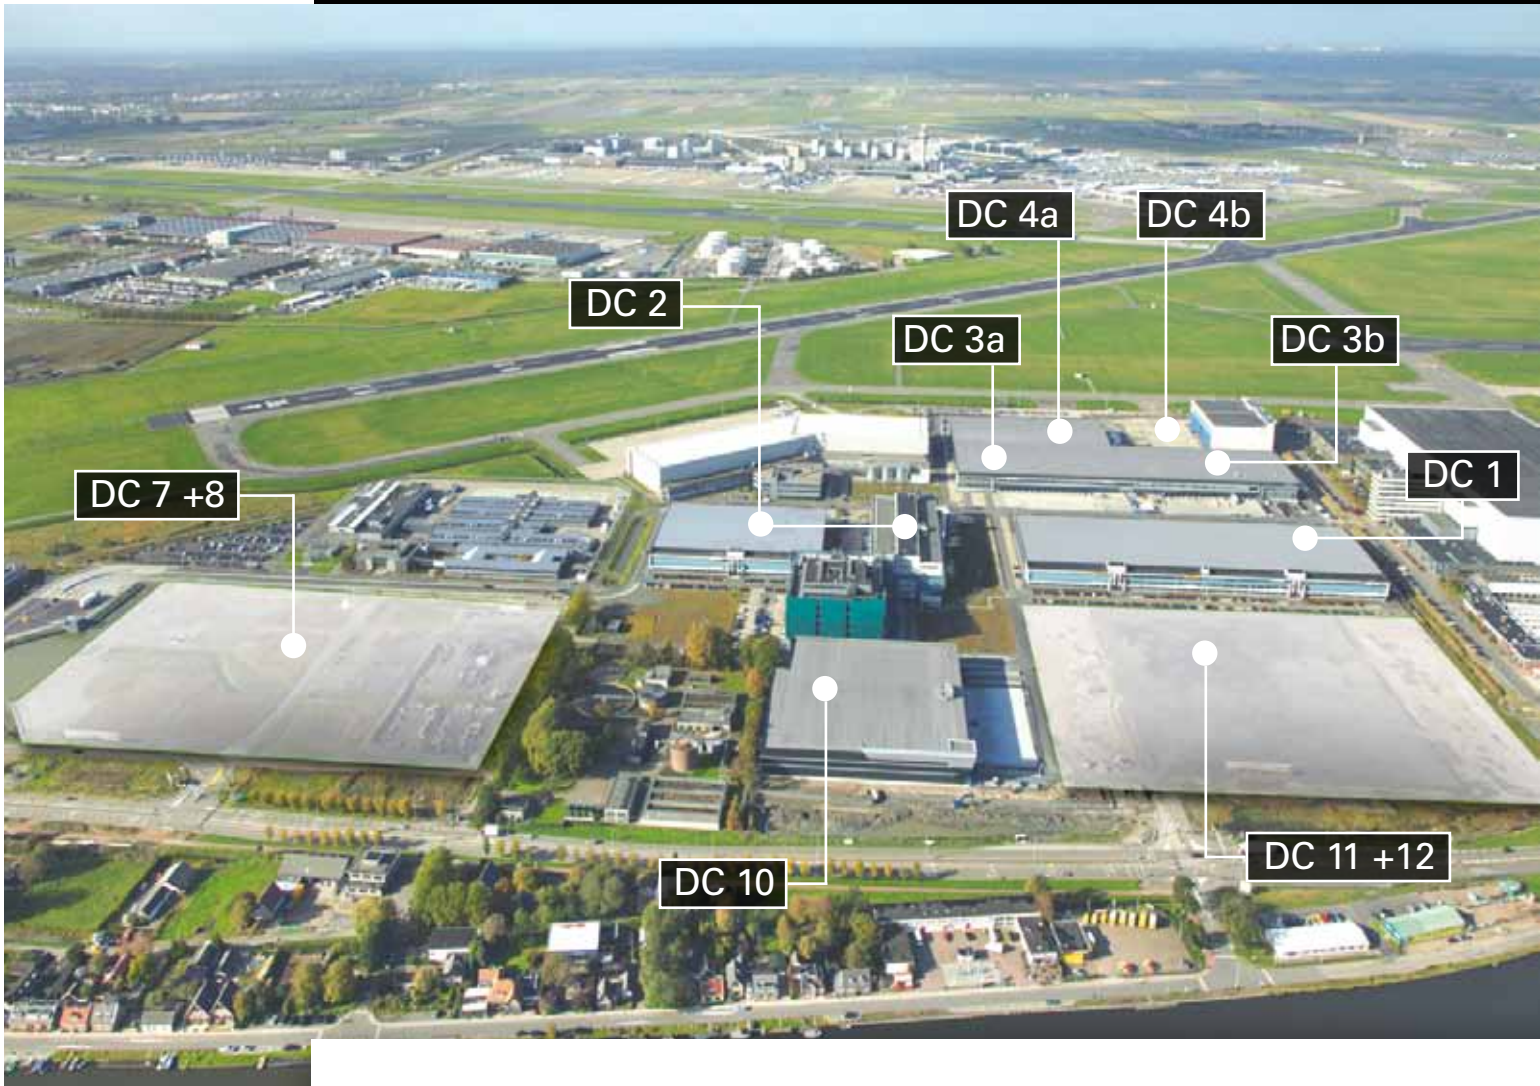

The first phase of Prologis Fokker Logistics Park was recently completed on the site of the former Fokker industrial complexes near Schiphol Airport. Prologis Fokker Logistics Park is an 85,000 square metre flagship park for Prologis which accommodates blue chip clients such as Agility, DHL, Kerry Logistics, KLM, Schenker and other international logistic organisations.

Phase 2 is now underway and Prologis Fokker Logistics Park is expected to double in size in the next two to three years.

## LOCATION

Directly adjacent to Schiphol Airport, Prologis Fokker Logistics Park is the most conveniently located distribution park for logistics companies in the Netherlands. Thanks to its proximity to the airport, the park has a truly international and dynamic dimension. It is also strategically located for road access; this access will be further enhanced once the improvements and expansion currently underway on the road network around the park are completed. With direct access to the A4 and A9, and excellent public transport links, Prologis Fokker Logistics Park's position is unrivalled and will contribute to your company's success.
